12:45 p.m. Kit Welchlin, Chaos & Change Management

### *Chaos & Change Management Are You Surviving? Or Thriving?*

- Coworkers failing to manage the stress of change?
- Colleagues joining the anti-change crowd?
- Staff acting like victims and throwing pity parties?
- Are key employees avoiding new challenges?
- Feeling overwhelmed with the constant change?

In Kit's keynote presentation he shares the three key drivers of change and strategies for stress management in the workplace. Wish things would just stop for a while? The accelerated pace of change is getting faster, customer service is getting tougher, and Kit can help.

Personally and professionally we need skills to face change and benefit from it, rather than be a victim of it.

Kit Welchlin has personally delivered over 600 presentations on communication to associations as well as public and private organizations, helping employees to increase productivity, customer service, and engage with emotional intelligence.

Kit purchased his first manufacturing company at age 21, and by 26 was CEO and Chairman of the Board of three manufacturing companies in three states. He's been an instructor with the Minnesota State Colleges and Universities, where he has been repeatedly nominated Outstanding Faculty. He is a Professional Member of the National Speakers Association.
