He's back.....

That's right. After last year's successful Roger Brooks Destination Development Summit, we were asked to bring Roger back for a 2.0 Session.

Mark your calendars now for April 23 & 24, 2019 when Roger comes back to work where we left off—helping communities with an action plan for their Unique Selling Proposition (USP).

Plan to bring your community team with you as this is a working summit. With Roger guiding us through the process to update and re-create our USP, communities will be able to leave with an Action Plan to change the future of their communities. Registration information will be coming soon.
